South Holland's Town Center to Become a Retail Destination with Launch of New Business Incubator

SOUTH HOLLAND, IL – The Village of South Holland is proud to announce the launch of The Shops at Town Center, a new retail incubator designed to support local entrepreneurship and spark economic growth. The project will officially open on May 1, 2026, at 16114 South Park Avenue, South Holland, IL.

The Shops at Town Center will transform a vacant lot into a vibrant marketplace where emerging business owners can establish their brands in a low-risk, supportive environment. The program offers entrepreneurs dedicated storefronts, marketing assistance, and hands-on business training, equipping them with the tools to test their concepts, build a customer base, and prepare for long-term success.

"South Holland is a community that values faith, family, and future," said South Holland Mayor Don De Graff. "The Shops at Town Center bring that vision to life by creating space for small businesses to grow, for neighbors to gather, and for our Town Center to become a destination for the region."

Vendor applications are now open and will close on January 5, 2026. Interested entrepreneurs are encouraged to apply early at www.southhollandshops.com.

About The Shops at Town Center

The Shops at Town Center is a retail incubator and mixed-use development located in South Holland, Illinois. Its mission is to empower local entrepreneurs by providing a collaborative and supportive environment where they can build, launch, and grow their businesses, contributing to the economic vitality and cultural richness of the community.
